Object. Exculpatory Testimony in
Favour of Saudi Prince Turki
AL Faisal ALSaud in the 9/11
civil case in front of your Court

Your Court may inform Saudi Prince
Turki AL Faisal ALSaud and his
lawyers and other defendants that
I willingly and voluntarily like
to give a testimony for the fact that
Usama Bin Laden and Al Qaeda
were waging a war, "Jihad"
against the Saudi Royal Family.

In addition of my details knowledge
of Bin Laden and Al Qaeda war
against the Saudi Government I
have direct involvement in a plot to
kill Saudi Prince Turki during a
"discreet" visit to Saudi Prince Turki

To the leaders of the Taliban Mullah Mohamed Omar to request the extradition of Bin Laden.

Further I have ~~known~~ knowledge that Savoli Prince Turki through the brother in law of Bin Laden made the proposal to Bin Laden to stop his terrorist activities against the US and Savoli in exchange for a full pardon according to Islamic law. Shariq. This was in the same way his brother in law Jamal Khashoggi once a founder and member of Al Qaeda re integrated the Savoli Society.

Also I repeat that my 2014 Testimony to the victim family of 9/11 was a total fabrication and lies and I recant every false accusation I made ~~to~~ against Savol Prince Turki and other defendant and I would like to testify of all the above to the lawyers of the defendants. Zaccarias Moussaoui
